Congratulations Chamber Member....

Mountains Community Hospital (MCH) Foundation has been awarded a \$300,000 capacity-building grant by the San Manuel Band of Mission Indians. This grant will help strengthen the MCH Foundation so it can grow its fundraising capabilities and be even more of an asset to MCH as it embarks on a major construction project and strives to provide the highest quality healthcare possible to the residents and visitors of the Rim of the World Communities.

"I'm honored to receive this grant from the San Manuel Band of Mission Indians because it means they believe in us and think that with proper investment, we have the potential to raise more money to help the hospital better meet the health needs of the community," said Kim McGuire, Foundation Executive Director.

Imagine, you are relaxing with friends and suddenly, with no warning, you are shot twice, serious, but not fatal. You lose consciousness.

When you awake you are locked in a cage, on a boat, in the middle of the ocean. Memories of your previous life, with family, are foggy at best. You are tied down and can barely move. Strange creatures, that you have never before seen, are walking around your cage speaking a unknown language. Your only thought is that there is NO WAY OUT.
